Scavolini

The Scavolini line allows a tasteful, rational take on all spaces. Thanks to a wide range of products, Scavolini takes up different styles and desires, including those of the public who wish to make their own home unique through design.

Alternative solutions for the cooking and sink zones, with three-door cupboard suspended above the floor, 184 centimetres tall (the doors are in fabric-effect glass). The oven is in a tall unit; the handles, in satin-finish nickel, are positioned differently for convenient opening of wall and base units. One more detail: the worktop and wall cladding are in mat-finish Basalto Quarz. Frame door with panel veneered in scav 670 absolute white oak.
