

Arrastra Jasper

[Merida](#)

We are continually looking for new ways to create value for our design clients, with rugs of true originality that will bring joy to your clients for years to come. And in a world that is increasingly denigrated by disposable products, we are more committed than ever to bringing the focus back to the deep beauty of natural materials that are smart for the environment (and safe for the home); the soulfulness of true craftsmanship; and the uplifting spirit of design.

ARRASTRA 329 - JASPER

Part of the Atelier collection, Arrastra is inspired by subtle and nuanced beauty in nature.

- Lead time may be increased due to production demand. For current lead times, please contact your Merida representative.
