

Hellebotus

[Farrow & Ball](#)

Subtle neutral or striking metallic, delicate floral or classic stripe - whatever your style, you'll find it among our handcrafted wallpapers.

Latin for the hellebore flower, this maximalist design is one of the largest motifs in our collection. First drawn with a pipette for a sense of unrestrained fluidity, each expressive petal feels as though it is unfurling on the wall. The organic patterns throughout Helleborus hint of growth and rejuvenation, transforming the home into a warm and wonderful retreat.

Full roll width is 53cm/21", roll length is 10m, pattern repeat is 127.2cm/49 1/4", Available in 7 colourways.
