

High Ridge Rd. Kitchen

[Jewett Farms](#)

Jewett Farms + Co. craftsmanship and personalized sense of design are present in everything we create; our architectural millwork and furniture grade cabinetry will make every room in your home special. The team of skilled JF cabinetmakers build every project from start to finish in our York, Maine cabinet shop. All materials are hand selected, then constructed using a blend of time-honored traditional joinery and efficient modern techniques to build each

This kitchen design was inspired by clean lines and rustic beauty. The pairing of these two created a space that is both modern and aged. The kitchen island is the prime example of this contrast, with perfectly worn reclaimed barn board, crisp white inset drawers and sleek quartz countertop.
