

Mountain Retreat Collection

[Downsview Kitchens](#)

Since 1967, at DOWNSVIEW KITCHENS we have been producing the finest kitchen furnishings on the market. Through the years we have assembled a remarkable team of designers, technicians, craftsmen, finishers and artisans who together have made the company one of the industry's leading manufacturers.

Blending, in a skillful manipulation of form and proportion, classically inspired architectural elements with the clean lines of more contemporary designs results in a comfortably tailored and uncluttered style that is commonly referred to as Transitional.
