[Discover Tile, LLC](#)

Variation in shade, color, texture and size are inherent characteristics of these handcrafted tiles. The glaze formulations and kiln firing techniques are an evolution of the traditional Raku process, a type of Japanese pottery. The result is a uniquely beautiful tile where no two pieces are exactly alike. As such, the tiles finally purchased will vary from both the catalog illustrations and samples. Once properly installed, the beauty of this handcrafted tile is enhanced by such variation. This collection is made to order and available in a wide variety of shapes and glaze colors.
