

Piper Herringbone in Blue Silk

[Discover Tile, LLC](#)

This glass collection brings all the dazzle, elegance, and flair in modern-cut classic forms with just the right amount of shimmer. We have selected the most serene color palette — dusty hues in metallic gloss for a more sophisticated look, or metallic silk for a nuanced effect. For grand hotels, resorts and spas, restaurants and bars — or for the residential metropolitan or coast haven — its sophisticated, soothing, and elegantly modern. Piper Herringbone is in stock and alternatively available in a number of different colors in both silk and glossy, as well as in other patterns and shapes.
