[Jewett Farms](#)

Jewett Farms + Co. craftsmanship and personalized sense of design are present in everything we create; our architectural millwork and furniture grade cabinetry will make every room in your home special. The team of skilled JF cabinetmakers build every project from start to finish in our York, Maine cabinet shop. All materials are hand selected, then constructed using a blend of time-honored traditional joinery and efficient modern techniques to build each

Soapstone is a hard worker. It's non-porous and naturally anti-bacterial properties make it a quiet hero in the world of kitchen countertops. Soapstone varieties differ in their tone, veining and hardness. Some are a little more grey, others have a tinge of green. Read a little more about the different soapstone varieties to find your perfect slab.
